

**LOW FRICTION + HIGH IMPACT**

# AIRGUN BULLET MANUFACTURER

BULLET CASING

## AVIENT SOLUTION

Bergamid™ Polymer Formulation

## WHY AVIENT?

- Delivered a high-impact nylon formulation with equal performance and 80% less weight
- Enabled improved shooting accuracy due to the stable coefficient of friction(COF)
- Provided fast technical response and mold trial support

**LEARN MORE**

## KEY REQUIREMENTS

- Reduce weight by replacing metal
- Gunpowder free
- Less shooting energy from 100 Joules to 20 Joules
